

MID-COAST TROLLEY

MID-COAST TROLLEY CONSTRUCTION UPDATE

FEBRUARY 2018

Construction Activities on I-5

Impacts to Interstate 5 near La Jolla Colony Drive and Voigt Drive

As of February 2018, construction crews continue viaduct construction from La Jolla Colony Drive to Voigt Drive. The viaduct is a bridge structure that will carry the trolley down Interstate 5. Drilling, column, and drainage construction work between La Jolla Colony Drive and Voigt Drive begins February 20, 2018, and is focused within the median of Interstate 5, requiring some lane closures. *This work requires heavy drilling machinery and will generate noise. Crews will minimize impacts as much as possible.*

- Work hours for the drilling operation are Sunday through Thursday, from 9 p.m. to 5 a.m.
- Regular work hours are Monday through Friday, from 7 a.m. to 5 p.m.
- Construction of the viaduct will continue through early February 2020.
- Traffic controls will remain in place 24 hours a day.

Please heed all traffic signs and use caution when traveling near the work area.

Crews will minimize impacts to neighboring residents and businesses as much as possible.

Construction schedules are subject to change.

About the Project

The Mid-Coast Trolley project will extend Trolley service from Old Town Transit Center to the University City community, serving major activity centers such as Mission Beach, the VA Medical Center, UC San Diego, and Westfield UTC. Nine new stations will be constructed. Major construction work began in 2016, with service anticipated to begin in 2021.
