We want to send out a big thank you to Lori Forcucci for her years of service to the Colony Barcelona Board of Directors. Her contributions to the community have been greatly appreciated, and she will be missed at the monthly Board meetings. We want to wish her all the best of luck in her future endeavors!

TREE DISPOSAL

During the early days of January, you will no doubt be dismantling holiday decorations and looking for a means of disposal for your Christmas tree.

Please do not put your tree out for pickup along with your regular trash service!!

Tayman Industries does not allow Christmas trees to be put into waste receptacles, due to size and weight restrictions. There are recycling programs offered by the City where you can take your tree to be recycled.

For information on Christmas Tree recycling in San Diego, you can call the City of San Diego recycling hotline at 858.694.7000 or visit their website at www.sandiego.gov/environmental-services/recycling/events.

REMINDER -The heat in the East Pool will be decreased from 84° to 80° from 12/1/17 through 3/31/18.

Neighborhood Security

With the holiday season, it is very important to be on alert of any suspicious activities in the neighborhood. Private Security is in place to patrol the community; however, they are not always around to prevent things from happening, so we are requesting your help also!

We all need to come together as a community and keep an eye on neighboring homes and property!

If ANY suspicious activity is seen, immediately report it to the police!

Be sure to lock your doors anytime you are away from your vehicle and keep all valuable items out of sight, if they must be kept in your vehicle. Don't make yourself an easy target by not closing your garage door! Keep your patio lights and/or exterior garage lights on at night to help deter crime. You may also install motion exterior lights.

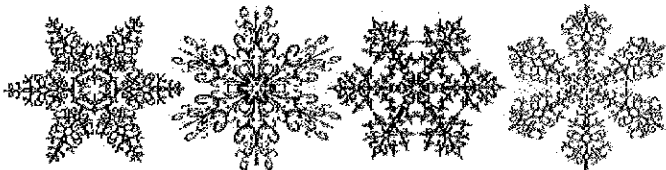

If you are concerned about the continuous mail theft, install a locking mailbox.
